Commercial Credit Automation & Servicing Platform — Executive Guide

Official comprehensive demonstration roadmap for the Managing Director, Head of Risk Management (HRM), Head of Business Development, Management Credit Committee (MCC), Board Credit Committee (BCC), and Treasury.

28.00%	≤ ₦20.0M	7 Days	5.0%
EFFECTIVE APR (23% MPR + 5%)	MD FINAL APPROVAL MANDATE	STATUTORY GRACE WINDOW	AUTOMATED DEFAULT PENALTY

1. EXECUTIVE SUMMARY & MANAGEMENT CONTEXT

Opticom Finance Limited (RC: 347832) has operationalized an end-to-end autonomous underwriting, credit approval, and post-disbursement telemetry servicing platform. This platform automates the entire lifecycle of commercial credit from multi-channel intake through sequential governance to real-time repayment surveillance and penalty enforcement.

Key Platform Innovations:

- **Zero Hallucination Deterministic Engine:** Financial ratios (DSCR, DTI, PMT, Amortization, Bespoke Fees, Net Disbursement) are strictly computed in Python outside LLMs.
- **New Sequential Multi-Tier Approval Chain:** Intake (Public or BDO Assisted) → Credit Analyst → MCC First Reviewer (Head of Business Development) → Head of Risk Management (HRM) → Managing Director (MD) with automated offer dispatch.
- **Closed-Loop Exception & Rework Routing:** Analyst returns incomplete files to BDO Rework; HRM queries return to Analyst with instant prompt alerts to Head of BD; MD returns to HRM or BD with multi-stakeholder alerts across all three offices.
- **Post-Disbursement Telemetry Platform:** Continuous portfolio performance surveillance tracking amortized collections, overdue installments, statutory 7-day grace period, and deterministic 5% default penalty enforcement.
- **Core LMS & LOAN-DISC Synchronization:** Direct 1-click booking into Opticom's core LMS (LOAN-DISC / Xloandisk) with NAV accounting vouchers (`NAV-DISB-XXXX`).

2. MULTI-CHANNEL ORIGINATION GATEWAYS

Gate 1: Client-Facing Direct Portal (> ₦2,000,000)

Self-service digital front-door for SME and corporate clients. Allows multi-document upload (bank statements, CAC proofs, contract PO awards, collateral briefs) and real-time loan repayment sizing.

CLIENT PORTAL · DIRECT INTAKE

Gate 2: BDO Assisted Origination & In-Field Intake

Empowers Business Development Officers (BDOs) to originate loans on behalf of corporate prospects visited in the field, capture bespoke financial variables, and monitor file progress.

BDO ASSISTED · FIELD SOURCING

Corporate Identity & Help-Line: Opticom Finance Limited • RC: 347832

3. THE OPTICOM SEQUENTIAL APPROVAL CHAIN & EXCEPTION ARCHITECTURE

The platform enforces Opticom's approved multi-tier governance matrix. Every credit case follows this strict sequential chain with role-segregated queues and bi-directional exception rework routing:

1 **Intake: Client Direct Portal OR BDO Assisted Intake**
Prospective obligor applies via public portal or BDO submits request from field visit with bank statements, CAC certificate, board resolution, and collateral profile. Facility enters `Submitted / Analyst Review`.

2 **Credit Analyst Underwriting & Exception Check**
Analyst reviews financial statements, spreads turnover, and verifies documentation completeness.
• **Exception / Incomplete Details:** Analyst returns application to `BDO Rework`. BDO receives notification and opens case in assisted portal to supply missing items.
• **Satisfied:** Analyst leaves underwriting comments and forwards application to the **Management Credit Committee (MCC)**.

3 **MCC First Reviewer: Head of Business Development**
The Head of Business Development is the first reviewer in MCC to receive the file from the Analyst.
• **Deficiency / Query:** Head of BD circles back to Credit Analyst with queries regarding missing applicant details.
• **Satisfied:** Head of BD records commercial comments and approves facility onward to the **Head of Risk Management (HRM)**.

4 **Head of Risk Management (HRM) — Risk Sanction & Alerting**
HRM conducts comprehensive risk evaluation and covenants check (Vertex AI 12-page CAM synthesis).
• **Risk Exception / Query:** File routes back to **Credit Analyst**. Simultaneously, the **Head of Business Development automatically receives an alert prompt** notifying them of the exception.
• **Satisfied:** HRM logs risk sign-off and approves facility to the **Managing Director (MD)**.

5 **Managing Director (MD) — Executive Sanction & Auto Offer Dispatch**
MD holds highest executive authority (≤ ₦20,000,000).
• **Reservation / Query:** MD returns file to either **HRM** (default) or **Head of BD**. Instant alert prompts are dispatched to **Credit Analyst, HRM, and Head of BD**.
• **Executive Approval:** MD grants final approval → **Formal facility Offer Letter is automatically generated** and instantly emailed to applicant with copy to Finance.

4. OPTICOM DELEGATED AUTHORITY MATRIX (DETERMINISTIC LIMITS)

PERSONA ROLE	DESIGNATED AUTHORITY	APPROVAL LIMIT (₦)	EXCEPTION ROUTING & GOVERNANCE RULES
Business Dev Officer (BDO)	Assisted Intake & Rework	Origination Only	Gathers documents, resolves analyst rework queries, resubmits to Analyst.
Credit Analyst	Underwriting & Spreading	Recommend Only	Spreads cashflow, flags missing documents back to BDO, forwards to MCC.
Head of Business Dev	1st Reviewer in MCC	Commercial Endorsement	Evaluates relationship & pricing; circles back to Analyst or approves to HRM.
Head of Risk (HRM)	Risk Review & Synthesis	Up to ₦5,000,000 (Initial Sign-off)	Synthesizes CAM; returns to Analyst (alerts Head of BD); routes to MD.
Managing Director (MD)	Highest Executive Authority	**Up to ₦20,000,000 (Final Sanction)**	Sanctions facility ≤ ₦20M (triggers auto offer letter); returns alert all 3 stakeholders.
Board Credit Committee (BCC)	Board Sanction Mandate	**Over ₦20,000,000 (Board Sanction)**	Grants board credit sanction for high-value exposures exceeding ₦20,000,000.
Treasury Operations	Disbursement & Booking	Execution & Settlement	Verifies conditions precedent, books into LOAN-DISC, issues NAV voucher.

5. CONTINUOUS LOAN SERVICING & DEFAULT RECOVERY PLATFORM

Following capital disbursement, the loan transitions automatically into Opticom's active telemetry platform. The engine performs continuous daily surveillance on repayment behavior, amortized collection status, and overdue obligations:

Real-Time Servicing Surveillance
Monitors monthly installment due dates, payments received, serviced principal vs interest, and remaining credit exposure across all active facilities.

Statutory 7-Day Grace Window
If an installment is missed on its due date, the borrower is granted a 7-calendar-day grace period during which status shows `Grace Period Active` and **zero penalty** is charged.

Deterministic 5% Default Penalty
On Day 8 past due date (grace expired), a deterministic **5% penalty** is automatically levied on the unserviced monthly installment until paid.

6. MATHEMATICAL FORMULATION OF THE 5% DEFAULT PENALTY POLICY

DETERMINISTIC DEFAULT PENALTY POLICY FORMULA

Penalty Accrued = Monthly Installment × 5.0% (Applied Deterministically on Day 8+) STRICT ENFORCEMENT

Grace Condition: If Overdue Days ≤ 7 → Penalty = ₦0.00 • If Overdue Days > 7 → Penalty = 5% of monthly repayment.

7. POST-DISBURSEMENT SERVICING STATUS LIFECYCLE

TELEMETRY STATUS	OVERDUE DAYS	PENALTY RATE	BORROWER CONDITION & ENGINE ACTION
PERFORMING_CURRENT	0 Days	0.0% (₦0.00)	All installments serviced on or before due date. Healthy amortized debt reduction.
GRACE_PERIOD_ACTIVE	1 – 7 Days	0.0% (₦0.00)	Due date missed; statutory 7-day grace period active. Automated SMS/Email courtesy alert.
OVERDUE_PENALTY_APPLIED	8 – 30 Days	**5.0% Accrued**	Grace window expired. 5% penalty levied on overdue installment; formal demand letter queued.
CRITICAL_DELINQUENT	> 30 Days	5.0% + Recovery	Severe default; automated referral to Special Asset Management and collateral realization.
CLOSED_FULLY_SETTLED	All Serviced	Nil	100% principal and interest fully repaid; collateral discharge certificate issued.

8. PORTFOLIO TELEMETRY SIMULATION & LIVE REPAYMENT LEDGER

1-Click Scenario Simulation Controls
The platform provides executive testing buttons on each account: `Current`, `Grace Period (4d)`, `5% Overdue Penalty (10d)`, and `Critical` to dynamically verify policy compliance in real time.
LIVE SCENARIO TESTER

Automated Amortization & Repayment Ledger
Records repayments via Direct Debit, Bank Transfer, or Cheque with instant mathematical splitting into principal reduction and interest income with ledger audit trail.
INSTANT SPLIT ACCOUNTING

9. CBN BENCHMARK RATE & COMMERCIAL PRICING CENTRALIZATION

In accordance with executive directive, all pricing formulas are centralized under **Tab 6: Fee Schedule, Pricing (MPR/APR) & Bespoke** under System Configuration. This guarantees transparent, regulatory-compliant pricing:

ACTIVE COMMERCIAL PRICING FORMULA

CBN MPR (23.00%) + Commercial Risk Spread (5.00%) = 28.00% APR

Monthly Equivalent Rate: **2.33% / month** on reducing-balance amortization schedule.

CBN COMPLIANT
Sync in Admin Hub

10. OPTICOM MASTER FEE CATALOG & BESPOKE INCLUSIONS

Opticom maintains 7 standardized facility charges while allowing custom bespoke fees for specialized legal searches, perfection, or collateral management:

#	FEE DESIGNATION	CALCULATION BASIS	STANDARD RATE / QUANTUM	STATUTORY / LEGAL BASIS & PURPOSE
1	**Mgt / Legal fees**	% of Principal	**2.00%**	Facility management, legal documentation, and searches
2	**Processing fee**	% of Principal	**2.00%**	Credit appraisal, financial spreading, and risk structuring
3	**Tracking fee**	Flat Quantum	**₦150,000.00**	Asset & vehicle GPS telematics hardware and live monitoring
4	**Stamp Duty**	% of Principal	**0.125%**	Statutory FIRS stamp duty on loan agreement & mortgage deed
5	**VAT on Fees**	% of Service Fees	**7.50%**	FIRS VAT computed strictly on Mgt + Processing fees (not principal)
6	**Credit Life Insurance**	% of Principal	**1.00%**	Obligor life assurance policy covering facility tenure
7	**Comprehensive Insurance**	% of Asset Value	**3.50%**	Comprehensive asset cover; Opticom noted as First Loss Payee
8+	**Bespoke / Advisory Fees**	Flat or %	*Customizable*	Allows adding transaction advisory, perfection, or inspection charges

11. WORKED FACILITY DEDUCTION SIMULATOR (SAMPLE ₦10,000,000 FACILITY)

12-Month Tenor @ 28% APR

MGT + PROCESSING (4%)
₦400,000.00
Mgt ₦200k + Proc ₦200k

VAT ON FEES (7.5%)
₦30,000.00
7.5% of ₦400,000 fees

STAMP DUTY (0.125%)
₦12,500.00
Statutory FIRS rate

NET UPFRONT DISBURSED CAPITAL TO BORROWER

₦9,557,500.00 (Total Upfront Statutory Deductions: ₦442,500.00 • 4.425%)

AUTOMATED BREAKDOWN

12. STEP-BY-STEP LIVE DEMONSTRATION SCRIPT

Guide the Opticom Executive Committee through the live platform following these 7 structured acts:

1. **ACT 1: Intake Options — Public Portal & BDO Assisted Origination**
   Show borrower self-service calculator at `http://localhost:5173/` with 28% APR. Then switch to `Business Dev Officer (BDO)` in internal cockpit to show in-field assisted loan capture.

2. **ACT 2: Analyst Underwriting & BDO Rework Exception Routing**
   Switch to `Credit Analyst`. Open `OFL-2026-00008 (Crestview Eng, ₦7.2M)` in BDO Rework. Show how missing documents return the file back to BDO Segun Adeleke, and how satisfied files forward to MCC.

3. **ACT 3: MCC First Reviewer — Head of Business Development**
   Switch to `Head of Business Development`. Open `OFL-2026-00005 (Apex Marine, ₦12M)`. Show commercial rationale, pricing evaluation, and approval onward to Head of Risk Management (HRM).

4. **ACT 4: Head of Risk (HRM) Review & Exception Prompt to Head of BD**
   Switch to `Head of Risk Management (HRM)`. Open `OFL-2026-00006 (Sunrise Foods, ₦6M)`. Synthesize Vertex AI 12-page CAM. Demonstrate that if HRM raises a risk query, file returns to Analyst and Head of BD receives an instant prompt alert.

5. **ACT 5: MD Sanction, Stakeholder Alerting & Auto Offer Letter**
   Switch to `Managing Director (MD)`. Open `OFL-2026-00004 (Medilink Diagnostics, ₦15M)`. Show MD return selector (HRM vs Head of BD) that alerts Analyst, HRM, and BD. Click "*Approve Facility*": Offer Letter is auto-generated and emailed!

6. **ACT 6: Treasury 1-Click LOAN-DISC / Xloandisk Booking**
   Switch to `Treasury & Loan Operations`. Open `OFL-2026-00002 (Greenline Agro, ₦8.5M)` in Ready for Disbursement queue. Show verified conditions precedent. Click "*Execute 1-Click LOAN-DISC Booking*": issues `NAV-DISB-XXXX` voucher.

7. **ACT 7: Loan Performance Telemetry & 5% Default Penalty Enforcement**
   Navigate to `Loan Performance Telemetry` tab. Review portfolio KPIs: ₦74.5M disbursed, ₦8.5M serviced. Open `OFL-2026-00010 (Bluefin Marine, ₦16M)`: 4 days overdue, 7-day grace active, **₦0.00 penalty**. Open `OFL-2026-00011 (Zenith Petrochem, ₦12.5M)`: 10 days overdue, grace expired, **5% penalty (₦60,316.24) automatically levied**. Demonstrate 1-click status simulation!

13. PRE-POPULATED LIVE DEMO CASES MATRIX (11 ACTIVE ACCOUNTS)

CASE REF	BORROWER / OBLIGOR ENTITY	AMOUNT (₦)	WORKFLOW STAGE	ACTIVE PERSONA QUEUE	KEY GOVERNANCE / TELEMETRY FEATURE DEMONSTRATED
OFL-2026-00001	Adebayo Adeleke (Retail)	₦1,850,000	ANALYST REVIEW	Credit Analyst	BESTO partner webhook ingestion (≤ ₦2.0M)
OFL-2026-00002	Greenline Agro-Allied Limited	₦8,500,000	READY FOR DISB	Treasury Lead	**1-Click LOAN-DISC Booking & NAV Voucher**
OFL-2026-00003	LEO-AKINBONI GLOBAL ENTERPRISES	₦45,000,000	BCC SANCTION	BCC Chair	**Board Credit Sanction (> ₦20M Mandate)**
OFL-2026-00004	Medilink Diagnostic Services Ltd	₦15,000,000	MD DECISION	Managing Director	**MD Final Sanction (≤ ₦20M) & Auto Offer Letter**
OFL-2026-00005	Apex Marine & Offshore Ltd	₦12,000,000	HEAD OF BD REVIEW	Head of BD	**MCC 1st Reviewer commercial evaluation**
OFL-2026-00006	Sunrise Confectioneries Ltd	₦6,000,000	HRM REVIEW	Head of Risk (HRM)	**Vertex AI 12-Page CAM & Exception Prompt to BD**
OFL-2026-00007	Nexus Broadband & Telecom Ltd	₦28,000,000	DISBURSED / MONITOR	Treasury / Portfolio	**Current & Performing (0 days overdue, ₦0 penalty)**
OFL-2026-00008	Crestview Engineering Ltd	₦7,200,000	BDO REWORK	BDO (Segun Adeleke)	**Analyst return to BDO for incomplete documents**
OFL-2026-00009	Golden Prime Distribution Ltd	₦18,000,000	OFFER PENDING	Credit Operations	Auto-generated formal Offer Letter & email dispatch
OFL-2026-00010	Bluefin Marine Coldchain Ltd	₦16,000,000	DISBURSED / MONITOR	Portfolio Telemetry	**Grace Period Active: 4 days overdue, ₦0 penalty**
OFL-2026-00011	Zenith Petrochemical Logistics	₦12,500,000	DISBURSED / MONITOR	Portfolio Telemetry	**Overdue Penalty: 10 days, 5% penalty (₦60,316.24)**

14. STAFF PERSONA QUICK-SWITCH REFERENCE

PERSONA SELECTOR	STAFF NAME	OFFICIAL CORPORATE EMAIL	PRIMARY QUEUE / RESPONSIBILITIES
Managing Director (MD)	Folashade Tinubu	`folashade.tinubu@opticomfinance.com`	Highest Executive Sanction (≤ ₦20M) & Platform Admin
Head of Business Dev	Dapo Adeleke	`dapo.adeleke@opticomfinance.com`	MCC 1st Reviewer, Commercial Rationale & Pricing Endorsement
Head of Risk (HRM)	Chidinma Okafor	`chidinma.okafor@opticomfinance.com`	Risk Review Queue, AI CAM Synthesis & Risk Concurrence
Credit Analyst	Babatunde Adebayo	`tunde.adebayo@opticomfinance.com`	Underwriting Queue, Spreading, BDO Query Resolution
Business Dev Officer (BDO)	Segun Adeleke	`segun.adeleke@opticomfinance.com`	Assisted Intake & BDO Rework Queue
Treasury Operations	Ibrahim Musa	`ibrahim.musa@opticomfinance.com`	Disbursement, LOAN-DISC Booking & Telemetry Surveillance

15. EXECUTIVE ACCEPTANCE & SIGN-OFF BLOCK

Head of Credit & Risk (HRM) Opticom Finance Limited	**Head of Business Development** Opticom Finance Limited	**Managing Director / CEO** Opticom Finance Limited
